Noritz Accredited as an Authorized Provider of IACET CEUs

Demonstrating a commitment to high-quality lifelong learning, accreditation spans five years and covers designated Noritz courses offered during that time.

FOUNTAIN VALLEY, CALIF. (JUNE 9, 2015) — The International Association for Continuing Education and Training (IACET) has awarded accreditation status to Noritz America. IACET Authorized Providers are the only organizations approved to offer IACET Continuing Education Units (CEUs). The accreditation period extends for five years and includes specially designated CEU programs offered or created by Noritz during that time.

“Noritz America is proud of our education programs, which train thousands of engineers, plumbers and HVAC professionals each year in important technical skills, so that they and our staff stay on the cutting edge,” states Jason Fleming, Senior Marketing and Customer Care Manager at Noritz.

“Our new partnership with IACET is a demonstration of our commitment to lifelong learning and high standards for all of our programs,” Fleming continues, “and we are very pleased to join such a prestigious organization, as well as an elite group of organizations that offer excellent continuing education and training programs.”

“We are pleased to continue our relationship with Noritz as an Authorized Provider,” says Sandra L. Williams, PhD, president of IACET and assistant professor and consultant at Northeastern Illinois University in Chicago, Ill. “Noritz joins nearly 500 organizations around the globe that have had their programs vetted by third-party experts in continuing education to ensure the highest possible standards are met.”

To achieve Authorized Provider accreditation, Noritz completed a rigorous application process, including a review by an IACET site visitor.

To achieve Authorized Provider accreditation, Noritz completed a rigorous application process, including a review by an IACET site visitor. The tankless water heater manufacturer successfully demonstrated adherence to the ANSI/IACET 1-2013 Standard, addressing the design, development, administration and evaluation of its programs.

Noritz has pledged its continued compliance with the standard and is now authorized to use the IACET name and Authorized Provider logo on promotional course material. In addition, Noritz is now linked to the IACET web site and is recognized as offering the highest quality continuing education and training programs.

Noritz is dedicated to being the world leader in tankless water heating technology, notes Fleming. “Our company’s focus on customer satisfaction, innovation, and responsible business practices continues to drive us in the marketplace.”
